

# PAL PR♥CLAMATION

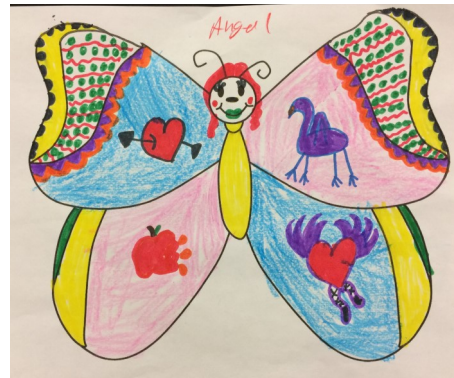

PEOPLE. ANIMALS. LOVE By Ms. Lilly, Assistant Site Coordinator

## ANIMAL BEHAVIORS

This month has been filled with love and fun. With the amount of snow days and parent teacher workshops, PAL was on a mission to get as much animal information to your children as possible! We took the preschool through first grades to the Natural History Museum to see the Butterfly Exhibit. Students were able to interact with the delicate insects and see their beautiful patterns!

To close up the week we also put on a “How Sweet it is to be a PAL Parent” event in which we served hot cocoa and cookies to our wonderful PAL parents to appreciate their dedication to our program. We hope you enjoyed it!

We have a lot of field trips planned for next month, so keep your eye out for the various flyers which will have more information!

## FUN FACES OF PAL

**Ms. Branch is our “Fun Face” this month!**

She is the Administrative Aid to PAL, and has worked hard to make sure your children are where they are supposed to be and make it home safely at the end of the day. Without her, our program would hardly be functional. Not only is she the Administrative Aid, but she is a dedicated Stanton parent, heading the PTO and handing out backpacks filled with food to your children for over the weekend.

Next time you see Ms. Branch around the school make sure you thank her for her hard work!

# PAL Student of the Month

The Student of the Month is awarded to the scholars who show the most enthusiasm to participate in our PAL lessons. We hope that by acknowledging our students' efforts, they will be encouraged to positively interact with the animals, staff members, and other students. Congratulations to the following students for being exemplary scholars with PAL!
